established in 1911 the rotarian is the official magazine of rotary international and is circulated worldwide each issue contains feature articles columns and departments about or of interest to rotarians seventeen nobel prize winners and 19 pulitzer prize winners from mahatma ghandi to kurt vonnegut jr have written for the magazine

the thrust of these five volumes is contained in their title london opera observ d it takes its cue from the

numerous texts and volumes which during the seventeenth eighteenth and nineteenth centuries used the concept of spying or observing by a narrator or Rambler as a means of establishing a discourse on aspects of London life. The material in this five volume reset edition examines opera not simply as a genre of performance but as a wider topic of comment and debate. The stories that surrounded the Italian opera singers illuminate contemporary British attitudes towards performance, sexuality and national identity. The collection includes only complete published material organised chronologically so as to accurately retain the contexts in which the original readers encountered them, placing an emphasis on rare texts that have not been reproduced in modern editions. The aim of this collection is not to provide a history of opera in England but to facilitate the writing of them or to assist those wishing to study topics within the field. Headnotes and footnotes establish the publication information and provide an introduction to the piece, its author and the events surrounding it or which caused its publication. The notes concentrate on attempting to identify those figures mentioned within the texts. The approach is one of presentation not interpretation, ensuring that the collection occupies a position that is neutral rather than polemical.
